TIFERETH ISRAEL SYNAGOGUE FOUNDATION

CREATING OUR LEGACY

TESTIMONIALS

HARRY BOOKEY

Tifereth offers different levels of participation. It is serious and follows the laws of Judaism, but at the same time, it offers current events and current thinking in the Jewish philosophies. Having the Synagogue in our city is very important for keeping Jewish life in Des Moines alive.

JUSTIN SCHOEN

People come to Des Moines, they see what we have and they want to stay. We have a dynamic Rabbi who has brought a new vigor and spirit to our community, and we're incredibly welcoming of all. I believe you won't find a more welcoming congregation anywhere in the country.

COMMUNITY

For more than 120 years, **Tifereth Israel Synagogue has been a spiritual home for generations of Jewish families** in the heart of Des Moines, Iowa.

As a thriving egalitarian, Conservative congregation, members are able to find more than spiritual solace within the Synagogue's walls — individuals are welcomed into a supportive and caring community that celebrates the heritage of our ancestors, and allows all forms of Judaism and levels of observance to prosper.

Generation after generation, our members have helped grow our congregation and increase engagement within our Jewish community. It's through this continued support that the Tifereth Israel Synagogue Foundation was created. Our Foundation helps Tifereth flourish, and more importantly, **it aids in providing a reserve for financial sustainability and future Synagogue goals.**

While the Synagogue operates under an annual budget of its own, the Foundation reserve assists in addressing future programming and events. This reserve also creates a monetary buffer for unforeseen circumstances.

SUSTAINABILITY

Through your contribution to our non-profit organization, **assistance can be made available for future building and programming-related projects.** This will allow the congregation to introduce new opportunities it might not otherwise be able to afford as part of Tifereth's annual operating budget.

Prior gifts to the Foundation have endowed a significant portion of the Rabbi's salary. In addition, gifts are funding the Shabbat Café and expanding new programing. The Foundation helped when funds were needed to assist in the renovation of the synagogue as part of the Tifereth Today & Tomorrow campaign.

Rabbi Emily Barton envisions a number of initiatives for the congregation into the future including:

- Implementing creative social gatherings
- Developing educational and social programming
- Creating regular speaker series and music events
- Expanding college student outreach
- Evolving and sustaining a mikveh

It is a declaration that Des Moines will be a home for Jewish families long into the future.
